

CCM Albania

The National TB Program Albania for 24 March 2016 Word Day TB organized some activities :

In the University Hospital 'ShefqetNdroqi' Tirana on this day was organized meeting with TB patients currently hospitalized. Education and promotion for TB disease in the patients was conducted by nurses and health club activists. In this day NTP organized a media chronic TV for TB disease. In one the high school Tirana NTP organized an educational activity related to TB disease activity was organized in collaboration with the staff of teachers. In this school distributed leaflets, balloons .T-shirts and posters with the motto of this year "Unite to End TB". In the Primary Health Centre No. 1 and 10 in Tirana organized a meeting with the medical staff. In the dispensaries of Durres and Shkodra were organized meetings with TB patients who are in treatment and the medical staff. We organized interview with patient who are in treatment the medical staff for the relationship and for care to their health. The staff of dispensary Tirana organized an activity in the Roma community, in cooperation with the president of this community. In this meeting it was discussed about the disease as treatment and prevent this disease. For each activity NTP distributed TB leaflet, T-shirts and posters with the motto of this year "Unite to End TB" For each activity there are photos.

Special thanks Dr.LediaLazeri, Head of World Health Organization Country Office in Tirana for the help and support the development of these activities
