Conflict of Interest Policy

1. Background and Purpose

Conflict of interest arises where the individual or organizational interests of CCM members influence or could potentially influence their decision-making. The mere perception of conflict of interest can damage the credibility of CCMs and the programs they oversee. Actual, potential or apparent conflicts of interest are expected in all decision-making bodies and should be managed to ensure that decisions made are objective and credible.

The perception of conflict of interest unanimously recognizes that the judgment of even the most well-meaning persons may be impaired when their own interests, or those of a family member, an institution with which they are affiliated, or those of a close associate, are affected by their work. The CCM Albania (CCMA) recognizes that addressing conflict of interest is not only an eligibility requirement of the Global Fund, but that having instituted a conflict of interest policy is in the best interest of key stakeholders. The CCMA, its members, Global Fund Principal Recipients and Sub-recipients, and program implementers benefit from being conscious of actual and perceived conflicts of interest. Through establishing a comprehensive conflict of interest policy, the CCMA can transparently manage all conflicts of interests -- where conflicts of interest do arise, the CCM will ensure they are dealt with promptly and fairly.

This conflict of interest policy is designed to benefit CCMA members, employees, consultants and other parties that interact with the CCMA to identify situations or circumstances that present potential conflicts of interest. This policy is intended to provide the CCMA with procedures to appropriately manage these conflicts in accordance with the requirements of the Global Fund and operative laws of the soil. This conflict of interest policy is aimed to promote the goals of fairness, accountability and transparency while ensuring high standards of ethical conduct and public confidence in the CCMA's activities.

2. Guiding Principles

To promote transparency, accountability, inclusiveness, and public confidence in all of its activities, the CCMA shall be guided by the following core principles:

- The CCM's supreme goal is to serve the public interest
- CCM activities should promote transparency, accountability and the integrity

of the CCM

- Building public trust is a cornerstone of good governance
- Promoting organizational and individual CCM member responsibility should occur through example
- Promotion of a culture that is intolerant of actual or perceived conflicts of interest should guide the CCM in its activities
- Conflicts of interest should be managed through formal policies and procedures

3. Definitions

- 3.1 A conflict of interest occurs where a member of the CCM or the CCM Secretariat uses his/her position to advance personal ambitions or interests, the interests of an institution with which he/she is affiliated, or those of a family member, or close associate, in a way that disadvantages or excludes others, or is otherwise detrimental to the overall effectiveness of the program. (UNEP GF Guidelines and Requirements for Country Coordination Mechanisms – June 2011)
- 3.2 “Conflict of interest” includes potential conflicts of interest and perceived conflicts of interest.
- 3.3 A potential conflict of interest occurs where a member of the CCM or the CCM Secretariat is placed in a position in which they have the capacity to use his/her position or status in such a way that a conflict of interest, as defined above, can occur.
- 3.4 A perceived conflict of interest occurs where a person believes or suspects on reasonable grounds that a conflict of interest, as defined above, exists on the part of a member of the CCM or its Secretariat.
- 3.5 A close associate of a person includes a family member (spouse, child, sibling, parent, cousin, in-law), friend, business partner, or professional associate.
- 3.6 A person is affiliated with an institution where he/she is an employee or volunteer, or has a financial interest, or a technical or governance role with that institution.
- 3.7 Recusal occurs when a person remove themselves from participating in deliberations and decision-making when a conflict of interest would arise through their involvement.
- 3.8 The conflict of interest policy may arise in association with gifts, which is defined as including favors, gratuities, or sponsorships whether of a monetary

or intangible nature.

3.9 Conflicts of interest can occur but are not limited to the following:

- Selection of Principal Recipients and Sub-recipients
- Renewal requests for a forthcoming phase of a grant
- A substantial reprogramming of grant funds
- Issues relating to assessment, monitoring, and oversight of Principal Recipients and Sub-recipients
- Discussion of matters in which CCM members or their institutions have a financial interest, such as contracting, recruitment of staff etc

4. Application of the Conflict of Interest Policy

4.1 The conflict of interest policy applies to CCM members, alternates, CCM Secretariat staff, Oversight Committee Members and members of the Technical Working Groups.

4.2 The CCM shall ensure that on taking the seat and at least once each year, the members of the CCM undergo orientation on their responsibilities regarding conflicts of interest and the requirements of this policy.

4.3 The CCM has delegated authority to the CCM Executive Committee to address ethics and conflict of interest issues

4.4 The CCM should consider the consequences of conflict of interest on its composition when considering membership renewal.

5. Protocols to Manage and Mitigate Conflict of Interest

5.1 Statutory Declaration: All CCM members and alternates shall complete an Acceptance of COI Policy and Declaration of Interest Statement (Appendix I) at the time of being seated on the CCM and disclose any actual or perceived conflict of interest at that time. The statement will be completed on an annual basis thereafter and updated as needed, whenever a material change occurs in the information. It is the member's responsibility to ensure that the statement is updated whenever a material change occurs. Statements shall be archived by the Secretariat and made available for inspection by the delegated CCM body charged with ethics and conflict of interest responsibilities. These statements shall form part of the public record of the CCM.

5.2 Role of Chair and Vice Chairs: The CCM shall ensure that neither its chairperson nor its vice-chairpersons is from an organization that serves as a principal

recipient from a CCM-initiated project funded by the Global Fund. If this is the case, or that the CCM chairperson or vice-chairpersons represent organizations that are candidates for selection as a principal recipient, then Section 5.4 and Section 5.5 shall apply.

In case of selection as PR and if working directly as part of the Program Implementation Unit or posted/holding position in the same department/institution or its subordinate office the Chair/Vice Chair shall resign from their position and revert to the position of a simple member.

Should number of potential conflict of interest from a constituency be more than one, it would be incumbent to the members from that constituency to decide to have only one member (decided by consensus amongst them) and the others will submit resignations and cease to be CCM members. This is in compliance of the CCM Eligibility Requirement laid down by the GF. Should such a situation arise with one Ministry of the Government being a PR, not more than one member from that particular ministry will continue as an ordinary member.

5.3 Committee Membership: CCM members representing institutions that are principal recipients or sub-recipients shall not be named to the CCM Oversight Committee. Such CCM members may however be invited to Oversight Committee meetings as non-voting participants to provide information on the grants. CCM members representing institutions that are candidates to serve as a principal recipient or sub-recipient or sub-sub-recipient shall not participate in deliberations (committee or general meetings) during which selection takes place.

Consequently, if as an example the Ministry of Health or any of its departments or Institutions directly offers to serve as principal recipient or sub-recipient/sub-sub-recipient, they shall not participate in the deliberations during which the selection takes place. Further, in case the said entity is selected and directly takes up the role of principal recipient, they will resign from the CCM oversight committee. 5.4.3 Any member of the CCM may raise the question of a potential conflict of interest prior to or during a meeting. Members may present an allegation of conflict of interest to the chairperson or other CCM body charged with responsibility for conflict of interest, which must investigate each question raised.

5.5 Gifts and Favors:

5.5.1 CCM members are prohibited from accepting gifts under circumstances in which it could reasonably be construed that the gift is motivated by the position as a CCM member or alternate and could substantially affect decisions of the CCM.

5.5.2 CCM members and alternates are prohibited from giving gifts if it could be reasonably construed that the gift is intended to affect the policies or practices of the CCM, a principal recipient, or any of the programs it funds.

5.5.3 CCM members and alternates who represent governments, corporations, or organizations, and who are subject to a code of ethics or standards of conduct as a result of their position, may accept complimentary invitations to widely attended gatherings otherwise prohibited by this policy where such attendance is permitted under the code of ethics or standards of conduct to which the individual is subject.

alternate, members and alternates shall recuse themselves, leave the room, and wait elsewhere. 6.3 The CCM chairperson shall refer all available information in relation to the conflict of interest to the Oversight Committee charged with conflict of interest matters, which shall make a determination on whether a conflict of interest exists.
